

# Professional Manicure & Pedicure

## Usage of the attachments

**Item 1799**  
6-piece attachment-set,  
including 2x 1799/1, 2x  
1799/2, 1799/3 & 1799/4

**Item 1799/1**  
**Pointed abrasive tip**  
For shortening and  
shaping finger- and  
toenails.

**Item 1799/2**  
**Cylindrical abrasive tip**  
For removing hard skin  
from fingertips, toes, heels  
and sole.

**Item 1799/3**  
**Cleaning &  
polishing brush**  
For removing skin and nail  
dust, or for polishing the  
nail. Is also usable for  
cleaning underneath the  
nails.

**Item 1799/4**  
**Felt polishing tip**  
For polishing the nails  
prior to the application of  
nail polish. Using it  
regularly will prevent the  
nail from splitting.

**Item 1749**  
Diamond tip-set,  
including 1718,  
1730, 1741 & 1743.

**Item 1718**  
**Flame-shaped  
diamond tip, large**  
For dealing with  
ingrained nails as well  
as for removing the not  
very aesthetic cuticles  
around the nails.

**Item 1730**  
**Cylindrical diamond  
tip**  
For shortening and  
shaping finger- and  
toenails.

**Item 1741**  
**Diamond cutter**  
For removing hard skin  
from fingertips, toes,  
heels and sole.

**Item 1743**  
**Inverted cone  
diamond tip**  
For removing hard skin  
on top of warts and  
horns.

**Item 1717**  
**Flame-shaped  
diamond tip, small**  
For dealing with  
ingrained nails as well  
as for removing the not  
very aesthetic cuticles  
around the nails.

**Item 1714**  
**Diamond tip, ball**  
For removing warts  
and horns.

**Item 1736**  
**Conical diamond tip,  
hollow & large**  
For the removal of very  
hard callus.

**Item 1629**  
**Abrasive cap and  
carrier**  
For removing of callus  
on toes, heels and sole.
